

Lisa Bonneville, FASID
Principal

Lisa Bonneville is a nationally certified interior designer who has, for over 30 years, created lifelong living environments for hundreds of clients in seven states. She founded her award winning practice, Bonneville Design, in 1981 on Cape Ann, MA and has completed residential, corporate, healthcare and retail projects.

Lisa designs accessible living environments applying the precepts of Universal Design and believes that incorporating connections to nature is life affirming and sustains good health.

Lisa has supported her profession with leadership service to the American Society of Interior Design (ASID) on the New England, national and Foundation boards and is a member of the Council of Fellows. She represented interior designers on the National Fire Protection Assoc.(NFPA) Technical Committee for Furnishings and Contents and authored the book *The Safe Home, Designing for Safety in the Home*.

Lisa has been active in the Boston design community; elected chair of the board of trustees at the Boston Architectural College, voted Cape Ann Chamber Small Business Person of the Year, and inducted into the New England Design Hall of Fame. She has employed and mentored numerous students from local colleges, volunteered for Meals on Wheels, and is a charter member of the Americans with Disabilities (ADA) Advisory Committee for her town of Manchester-by-the-Sea, MA.

CREATING LIFELONG INTERIORS

BONNEVILLEDESIGN.COM 978.526.4491

Creating Lifelong Interiors,
because it should never be your house that
tells you when it is time to leave home.

PREPARE FOR THE FUTURE:

Because it's your life.

You're 50 or 60 years old and you know where you want to live in your 70s and 80s and beyond.

YOU KNOW WHAT YOU WANT:

You treasure a personal aesthetic and the fun of creating style and beauty in your functional living spaces.

YOU'VE PLANNED BEFORE:

You transformed a small apartment in your early adulthood; you added more space for parenthood; you look forward to a long elder-hood; you want the choice to age in your home.

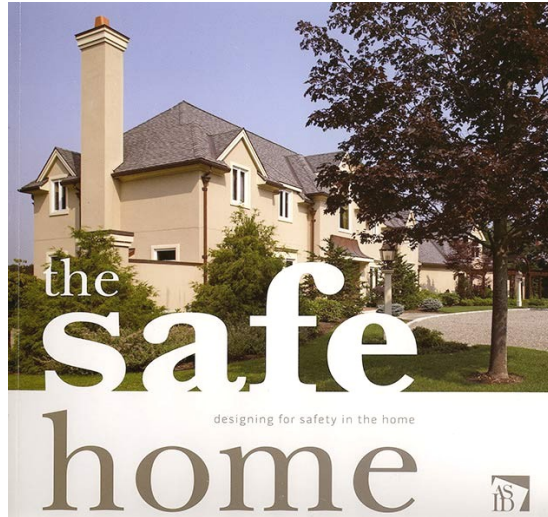

YOU WANT TO HAVE FUN:

You want to embrace the whole process of a long life—within a well-designed home.

START PLANNING:

We can help you plan; design space and lighting; select finishes, furnishings and fixtures; organize every phase of your project; and implement every detail - start to finish.
